

Day 1: June 18

Arrive at Snoqualmie Valley Youth Activity Center

Mileage: 0

Elevation: 0

Notes: Site is booked. They are checking on if there are service projects at this location.
Cannot park here - need to figure out where to leave cars in North Bend

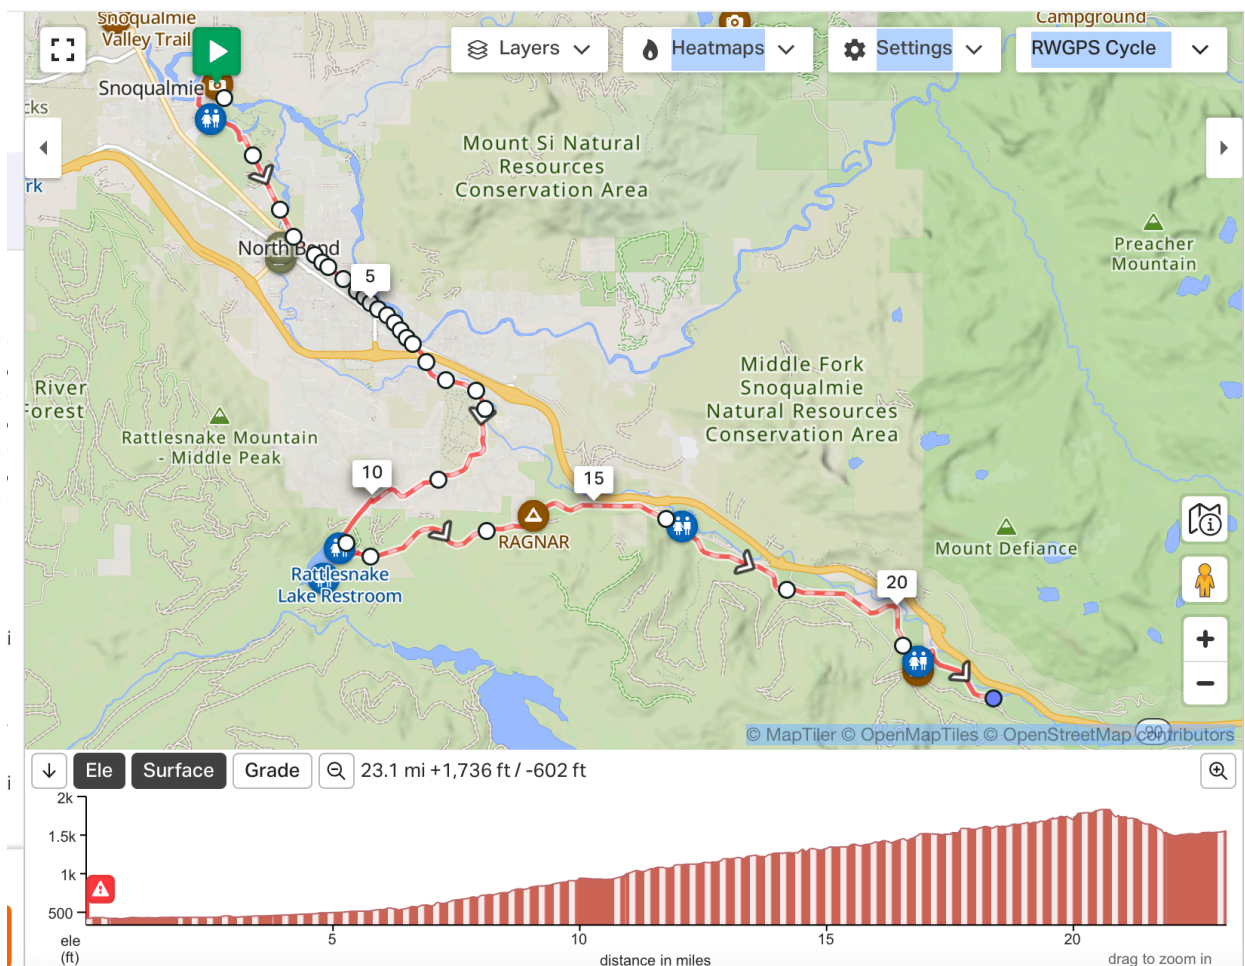

Day 2: June 19

North Bend to Tinkham Campground

Mileage: 23.1

Elevation: 1,746

Notes: We have sites 28-31 reserved at Tinkham.

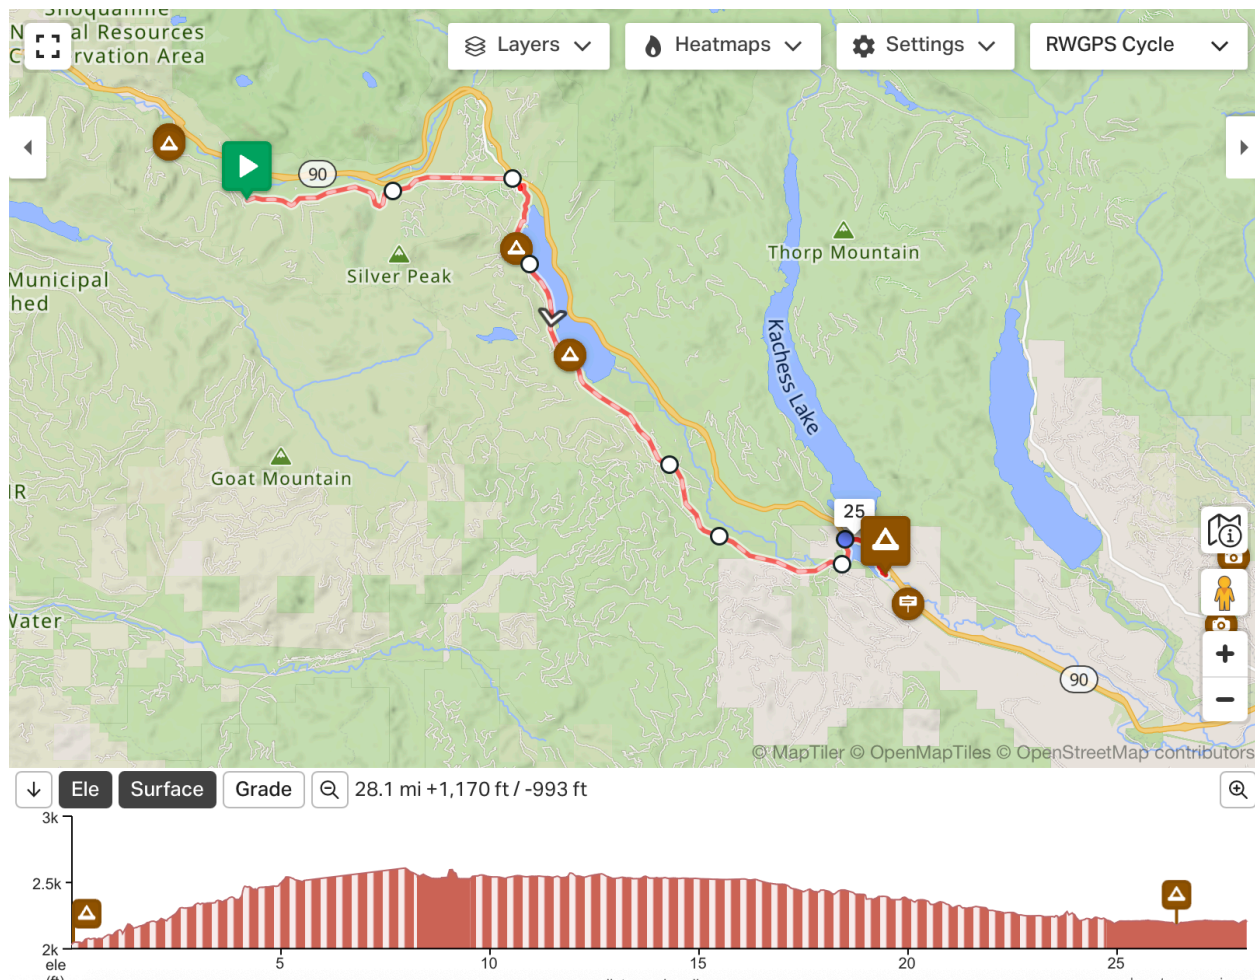

Day 3: June 20

Tinkham to Lake Easton State Park

Mileage: 28.1

Elevation: +1,170, -993

Notes: We have two sites booked at this campground (one in each loop.) There are also 2 biker sites that can have 4 people each. Ideally would like to get one more site at this campground.

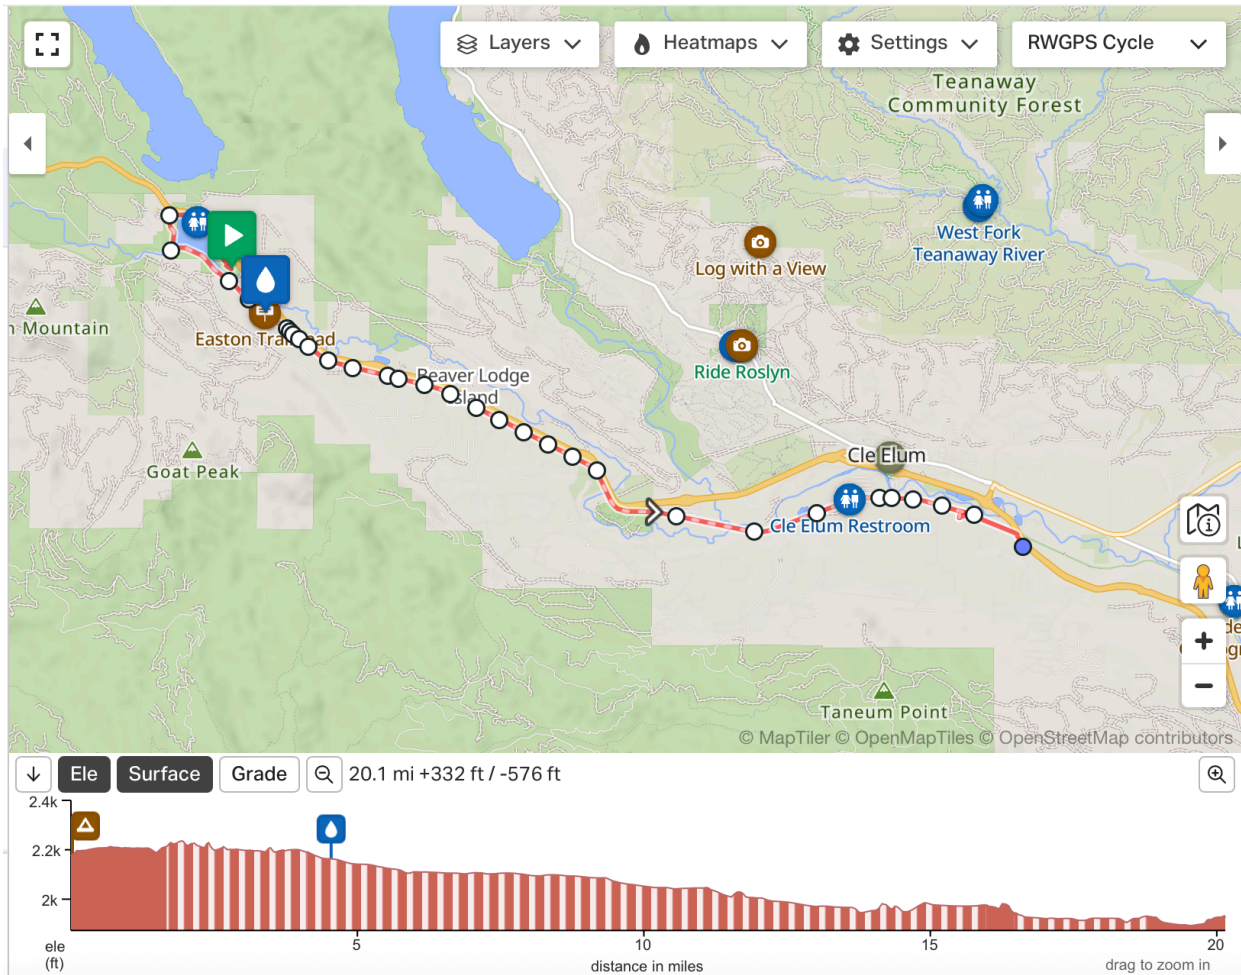

Day 4: June 21

Lake Easton State park to Eagle Valley Campground

Mileage: 20

Elevation: +332, - 576

Notes: They will let us stay for free, and we are inquiring about service projects as well.

Day 5: June 22

Eagle Valley Campground to Kittitas

Mileage: 29.7

Elevation: +457, -721

Notes: There is construction at the Kittitas Depot. This work starts on March 5, 2025, and ends on July 31, 2025. The work includes renovation of the existing depot. Part of the Kittitas trailhead will be closed. Parking will still be available on the east side of the trailhead. A detour will be in place between Railroad Ave. to Main St.
